SRI ADICHUNCHANAGIRI SHIKSHANA TRUST(R)

Sri Adichunchanagiri Shikshana Trust(R) (SAST), a divine beacon of enlightenment, was founded in 1973 under the sacred guidance of His Holiness Jagadguru Padmabhushana Sri Sri Sri Dr. Balagangadharanatha Mahaswamiji, the revered pontiff of Sri Adichunchanagiri Mahasamsthana Math. Rooted in the timeless wisdom of Indian heritage, the Trust is a testament to the mission of nurturing education, spirituality, and community welfare. Now flourished of His Holiness Jagadguru Sri Sri Sri Dr. Nirmalanandanatha Mahaswamiji, the Trust continues to serve as a sanctified channel for inclusive education, managing schools, colleges, hostels, libraries, managing scholarships, while also extending the Math's benevolence through healthcare services. Guided by the light of divine purpose, the Trust remains steadfast in its pursuit of societal upliftment and spiritual awakening, embodying the principles of universal harmony and service to humanity.

Under the aegis of SAST, presently over 1,60,000 plus students around the world are studying in 500 plus schools, PU Colleges and Higher Education Institutions. SAST is serving the human kind by providing education to the people of rural areas.

ABOUT ACAS

Adichunchanagiri College of Agricultural Sciences (ACAS), a lush green campus spread over 294 acres located adjacent to Mysuru-Tumakuru road about half a km from Mayasandara T.B. The campus is well connected with frequent bus facilities from major district headquarters like Tumakuru (55 km), Mandya (77 km), Hassan (90 km), Mysuru (100 km), Ramanagara (100 km) and Bengaluru (110 km). ACAS established in the year 2024 offers **B.Sc. (Hons.) Agri.** program. ACAS is **Affiliated to University of Agricultural Sciences, GKVK, Bangalore.**

Vision:

To become a leading global institution in digital and technology-driven farming, empowering learners with the skills and knowledge to drive sustainable agricultural innovation and achieve global competency.

Mission:

- Embrace cutting-edge, modern methodologies in teaching and learning processes.
- Equipping learners to navigate the evolving agricultural landscape.
- Committed to involving learners in regular agricultural research activities.
- Fostering interdisciplinary collaboration, integrating advanced technologies, and promoting social responsibility.
- We aim to train rural farmers in sustainable practices, with a focus on global farming innovations.

FACILITIES

- The college is attached with vast land area of **294 acres** and the students will have an opportunity to practice crop production and observe farming practices on various crops and enterprises.
- College has well planned infrastructure with spacious building with total built area of **50000 sq.ft.**
- **Experienced and skilled teaching faculties**
- Excellent library and laboratory facilities
- Spacious playground and sports facilities
- **Separate Hostel facilities for Boys and Girls**
- Exposure visits to various institutes and progressive farmers' fields

Career Opportunities after B.Sc.(Hons.) Agri.

- The graduate student can plan for higher education like master's and doctoral degree programs in any university across the country and globe
- Seek employment opportunities in developmental departments, Agricultural Research Service as scientists, Agricultural Officers, Subject Matter Specialist in Krishi Vigyan Kendra (KVKs), Plantation Manager, Extension Officer, Farm Manager, Officer in Quarantine, Production Manager and teaching professionals.
- Agriculture Field Officer (AFO/SO) in nationalized and regional banks
- Business development associate and manager in private companies like fertilizer production, seed production and bio input firms
- Competitive exams like UPSC (with agriculture as optional subject) and KPSC
- The 6 Dean's committee academic regulations adopted under new education policy imparts skills and curriculum to promote entrepreneurship among students.
